Mountain bike trail with Tlachтли: from de Plateau to the Sierra

Tlachтли organization is a company with over 20 years of experience, made up by personal in different areas of adventure tourism, including mountain biking.

At Tlachтли we believe adventure activities are mediums for enjoying and learning about life in the outdoors, regional culture, and also about ourselves. For this reason, we have prepared an adventure that has it all.

The trek begins in the ghost town Cerro de San Pedro as we walk among its paths and trails to arrive

at Monte Caldera, known by cyclists for its beautiful paths single-tracks and climbs. We finalize in the municipality of Armadillo de los Infantes where we can visit its colonial buildings and eat Mexican Spanish fusion cuisine as well as local wine

Lodging will be at Tlachтли camp facilities which lies within the protected natural area of the Alvarez Sierra. There we will trek cycling paths with different difficulty levels and do recreational activities on two wheels.

We are backed by the prestigious cycling brand *Scott Sports* that will hold a cycling clinic and mechanical and technical support during the tour.

Don't miss out on this two-wheeled adventure!
